Subject: RE: Transmittal of Final EIS for the HHCTCP

Judy,

Thank you for the update. As long as the Regional office receives the final CDs, I think that is sufficient. HQ can review the document from the FTP site. So there is no need to deliver the FEIS to the HQ office today. You can send it by mail. I believe that Carl has left for the day anyway and I came home early to do some reading on other projects.

The Ray Sukys in Region 9 will be in touch with you whether FTA gives you the go ahead to print.

Thank you,

Liz

Subject: Transmittal of Final EIS for the HHCTCP

Liz: The Final EIS is completed. This version of the Final EIS incorporates all of FTA's most recent comments, which we received yesterday on June 10. Also, we will be hand delivering CDs of the Final Environmental Impact Statement (EIS) as follows:

- Ø Liz Zelasco - 3 sets of CDs
- Ø Ted Matley - 2 sets of CDs
- Ø Renee Marler - 1 CD (courier delivery to her home)

Each set consists of two CDs: one includes the primary text of the Final EIS and the second includes all of the Appendices.

The CDs will be delivered to you and Carl in Washington DC by about 4 pm EST; to Ted by about 1 pm PST; and to Renee's home by about 2:30 pm PST.

Within the hour, the document will be uploaded onto our FTP site for your use. I will send you a separate email with the FTP link, once it has been uploaded.

In consultation with environmental experts and counsel, the document has been compiled in good faith and sets forth sufficient information to enable the decision-maker to consider fully the environmental factors involved and to make a reasoned decision after balancing the risks of harm to the environment against the benefits to be derived from the proposed action, as well as to make a reasoned choice between alternatives. As requested by FTA, this Final EIS has been reviewed to the best of our ability to ensure consistency among its various components.

Please let me know when you receive the CDs.

Thanks.
